## UNITED STATES DEPARTMENT OF AGRICULTURE

#### OFFICE OF INFORMATION

WASHINGTON

PUBLICATIONS PRESS SERVICE RADIO SERVICE

1) 21.1

The Department's supply of the publications listed below is limited, hence no more than 10 copies may be sent free in response to an individual request. In ordering them, please use the form at the bottom of the third and fourth pages of this list. Write your name and address plainly; list in numerical order the numbers of the bulletins desired; then detach the slip at the perforated line and return it in a stamped envelop to the Division of Publications, Office of Information, United States Department of Agriculture, Washington, D. C.

If more than 10 copies are desired they may be purchased from the Superintendent of Documents, Government Printing Office, to whom the necessary remittance should be sent. The price is 5 cents a copy unless otherwise noted. Members of Congress are by law given fourfifths of the free supply of Farmers' Bulletins for distribution to their

constituents.

M. C. MERRILL, Chief of Publications.

# LIST OF AVAILABLE FARMERS' BULLETINS AND LEAFLETS OF THE UNITED STATES DEPARTMENT OF AGRICULTURE

157 Propagation of plants 232 Okra 304 Hops 354 Onion culture 446 Crops for alkali land 449 Rabies or hydrophobla 471 Grape culture 497 Game aquatic, and 740 House ants 744 Preservative treatment of timber 50 Roses for the home 752 Fall army worm 754 The bedbug 755 Birds of Southeastern States 756 Culture of rye in the East Game, aquatic, and rapa-cious birds 763 Bark beetles and pinhole 501 Cotton improvement under weevil conditions 506 Food of well-known birds borers 767 Goose raising 767 Goose raising

32 Planting southern pine
33 The combination cleaning and treating of seed wheat
34 Trichinosis

Trichinosis

in the South
38 Health of livestock in transit
39 Eggs at any meal
40 Woods burning

41 Good naval-stores practice
42 Good food habits for children
43 Wild garlic and its control
44 Fires on farms
47 Hygiene in fox farming

49 Ice creams without stirring
51 Improving cattle in areas
J freed of ticks

53 Cotton-louse control

55 Small trees wasteful to cut for saw timber

57 Pulpwood production in the Northeast

Coyote and wolf trapping Porcupine control

61 English-sparrow control 62 Why some wood surfaces hold paint longer than others 64 Making and packing

cases 65 Red-squill powder in rat

control
67 Beef grading and stamping
service

Roadside markets

Home mixing of fertilizers Fertilizers of pecan soils Measuring hay in stacks

Public market Boning lamb cuts Warts on cattle

76 Slip covers
77 Bracing farm buildings
78 Bobcat trapping
82 Controlling gullies by blue-

grass sod
83 More turpentine, less scar,
better pine
84 Planting black walnut

85 Strip cropping to prevent ero-

sion 86 Protect hardwood stands from

grazing 87 Wind-resistant construction

for farm buildings
88 Livestock poisoning by
plants producing hydrocyanic acid

89 Stomach worms in sheep 91 Kudzu, a forage crop in the Southeast

92 Preparing wool for market 93 Red-clover seed production in the inter-Mountain States

94 Hints on mountain-lion trapping

95 How to control ragweed, the principal cause of autumn hay fever

96 Protecting poultry from predacious birds
97 Cross-blocking sugar beets

by machine

98 Red-clover failure in relation to anthracnose in the southern part of the Clover Belt.

99 Huron timothy

100 Lespedeza

101 Injury to buildings by termites

102 Eradicating tuberculos from poultry and swine tuberculosis

103 Quality guides in buying sheets and pillowcases

104 Crested wheatgrass

105 Quality guides in buying ready-made dresses

106 Prevent storage rots of sweetpotatoes

107 The barrel seed scarifier

108 Controlling kidney worms in swine in Southern States

110 Why red clover fails
